

## February Project/ Proyecto de Febrero

### How can we show appreciation for our neighbors and community helpers? ¿Cómo podemos mostrar aprecio por nuestros vecinos y ayudantes?

You've often heard the phrase "It takes a village"! As city dwellers, we rely on many community helpers to keep us safe, happy and healthy. We will explore the roles of community helpers that surround our daily lives, ranging from firemen and police officers to doctors and nurses. We currently have a field trip to the neighborhood Fire Department scheduled and would love for other community helpers in our own familia to come in and meet with the children.

#### Objectives:

- Establish and sustain positive relationships.
- Participate cooperatively and constructively in group situations.
- Show basic understanding of people and how they live.
- Demonstrate simple geographic knowledge.
- Remember and connect experiences.
- Use symbols and images to represent something not present.

#### Vocabulary/Vocabulario:

Ayudantes/helpers  
Comunidad/community  
Profesiones/Professions  
Proteger/to protect  
Conductor/driver  
Médico/Doctor  
Policías/Police
