

## The Rhythm is Going to Get You : Mi Casita Celebrates a Month Of Music

**Create a musical concert/CD for your family and friends to enjoy.**

"Music gives a soul to the universe, wings to the mind, flight to the imagination, and life to everything". - Plato

During the month of March, Mi Casita students will immerse themselves in all types of music. From the the Latin beats of Celia Cruz to the classical pieces by Mozart, we will listen to a wide array of music and develop appreciation for songs, rhythms, diverse instruments and voices. Music lends itself to multidisciplinary learning experiences- from creative free play to recognizing mathematical patterns in rhythms and beats. By the end of March, students will have developed a rich appreciation for music and a few new favorite songs too!

### Objetivos:

- Demonstrate a willingness to participate in new and challenging experiences.
- Use objects and materials to represent other objects.
- Recognize and extend simple patterns.
- Use music to express ideas, thoughts and feelings.
- Create and describe variations of sound.
- Know and use the basic elements of music.
- Respond to different types of music through dance and discussion.
- Use imagination and creativity to express self through music.
